Learn which world famous leader said this and how accurately it predicted what is happening right now in our lives.

“For we are opposed around the world by a monolithic and ruthless conspiracy that relies on covert means for expanding its sphere of influence—on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerillas by night instead of armies by day. It is a system that has conscripted vast human and material resources into the building of a tightly knit highly efficient machine that combines military, diplomatic, intelligence, economics, scientific and political operations.”

Education:

Begin Home Schooling for children wherever possible. The educational curriculum is designed to dumb-down our children and create mass compliance and acceptance. The aim of public education is not to spread enlightenment. It is simply to reduce as many individuals as possible to the same safe level to breed a standard citizenry, to put down dissent and originality. See Common Core Curriculum on www.StoptheCrime.net and read the source document *Silent Weapons for Quiet Wars* where they discuss how they are going to keep children in school longer and teach them less, dumb them down, especially in math and science, so they will not understand the higher concepts of the Global Dominance mechanism. Download the Source Documents from www.StopTheCrime.net and keep in your library.

Solutions for helping EMF/RF Sensitivity:

Locate the cell towers and antennas nearest your home. www.AntennaSearch.com

Do not use or greatly reduce cell phone use

Learn about treatments using frequencies that heal organs

Massage

Energy work like Reiki, Access Consciousness, Arcing Radial Light, Theta Healing, et cetera

Sea salt and Epsom salt baths

Spend time in nature and especially stand bare footed on grass and earth for a period of time every day.
Go swimming in the ocean or walk bare foot in the surf

Keep your neighborhood a smart meter free zone—your neighbor’s smart meter will add frequency to your house wiring (www.SamMilham.com)

Place wire screens on windows to prevent low EMF frequencies from entering and ground the screens with a ground wire

Disconnect from all wireless and replace with plug in, wired devices

Use Stetzers in your outlets to eliminate transient frequencies.
